Invention Of Facebook And Internet Privacy (Perspectives Library: Modern Perspectives)

Synopsis

This book relays the factual details of the invention of Facebook in 2004 through three different perspectives. The narrative provides multiple accounts of the event, and readers learn details through the point of view of a Harvard student, Harvard professor, and potential investor. The text offers opportunities to compare and contrast various perspectives while gathering and analyzing information about a modern event. Content focuses on point-of-view and encourages readers to understand how background and experience can lead to differing views.
