Deschutes

Synopsis

The Deschutes River is shown in all its moods in over 100 beautiful color photos. This sumptuous book is filled with Deschutes River information about its geology, history, and especially its fishery for both trout and steelhead. Noted author Dave Hughes explains how to fish it based on insect hatches for resident trout and the special flies and fishing methods steelhead prefer. Printed on heavy gloss paper for ultimate beauty.

Customer Reviews

Dave Hughes always writes a wonderful book, and this was no exception. Add photos by Jim Schollmeyer and you have an automatic keeper. I fished the Deschutes frequently in the 70's and 80's but haven't been back for a while. With a visit looming next year, I wanted something to remind me why I am going back. Just a gorgeous book.

I began fishing the Deschutes river in 1964, but Dave taught me a few things about fishing it that I did not yet know! Worth reading and keeping for research.
