A Taste Of Russia: A Cookbook Of Russia Hospitality

Synopsis

Redesigned with a fresh, modern presentation, the 30th anniversary edition of this classic cookbook layers superbly researched recipes with informative essays on the dishes' rich historical and cultural contexts. With more than 200 recipes for everything from borscht to bliny, from salmon coulibiac to beef stew with rum, from marinated mushrooms to walnut-honey-filled pies, this mouthwatering assortment truly exhibits the best that Russian cooking has to offer. The book has been revised and updated with a new preface that considers the changes in Russian culinary culture since its original publication and offers a dozen delectable new recipes, such as onion dumplings, horseradish vodka, and whipped raspberry mousse.

Customer Reviews

"Goldstein . . . manages to make Russian cuisine dance. It's hard to imagine anything that might have been left out of this delightfully comprehensive collection." — Publishers Weekly
"It is not surprising that Goldstein . . . is particularly literary in her books on Russian and Georgian food, placing zakuska (grand appetizer buffets) and dacha (summer house) picnics alike in the context of Russia's great writers. But cerebral as she can be, her prose is rooted in hands-on kitchen advice." — Slate Magazine
"The imaginative range of the selection would be enlightening in itself even without the multitudinous snippets from Chekhov, Gogol, and Oblomov. First rate." — Kirkus Reviews

More than 200 recipes from the traditional cuisines of Russia, all adapted for American cooks. --This

text refers to an out of print or unavailable edition of this title.

I bought it for my son who cooks on board a supply ship, in the Gulf of Mexico, with a small complement of Russian Sailors. They thought the recipes he prepared for them from the book was excellent.

this is a great Russian cookbook. The recipes are simple and delicious. Anyone who has lived or visited Russia will recognize most of these wonderful recipes.

Wonderful recipes that are not difficult to prepare. Very readable text that helps the cook know what they need to be doing.

This is a good cookbook. It has lots of recipes. You won't find recipes for every meal in this cookbook since it is geared primarily for entertaining.

Not merely a collection of recipes, a Taste of Russia gives the reader a picture of daily life. And this updated edition highlights the contrast from soviet era to now. It's one of those cookbooks you read like a novel. There are no illustrations, but the prose alone does an outstanding job of showing the reader Russian hospitality. Recipes are clear and easy to follow, too. More than sufficient accommodation is made for the North American cook.

This is a great cookbook. A lot of time & work was put into it. However, some of my favorite Russian recipes are missing from this book. I would recommend "The Art of Russian Cuisine" for those of you who are interested in food that Russians cook daily or for holidays.

My brother is a Chief Cook in a ship and his Captain is Russian. I gave this to him as a present. He said the cook book is really easy to follow and it will definitely make the Capt happy.

He recibido el libro. Llegó a destino según las condiciones establecidas por el distribuidor. Buen servicio. No hubo problemas. Muchas gracias.
