PAX-RN Secrets Study Guide: Nursing Test Review For The NLN Pre-Admission Examination (PAX)

Synopsis

Get the test prep help you need to get the results you deserve. The Nursing exam is extremely challenging and thorough test preparation is essential for success. PAX-RN Secrets Study Guide is the ideal prep solution for anyone who wants to pass the Nursing exam. Not only does it provide a comprehensive guide to the Nursing exam as a whole, it also provides practice test questions as well as detailed explanations of each answer to your PAX-RN review. PAX-RN Secrets Study Guide includes:

- A thorough NLN Pre-Admission Examination (PAX-RN) review
- A breakdown of the verbal test
- A guide to the mathematics test
- An extensive look at the science test
- Comprehensive practice questions with detailed answer explanations

It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the National League for Nursing (NLN) expects you to have mastered before sitting for the exam. The Verbal Test Review section includes:

- Word Knowledge
- Reading Comprehension
- Purposes for Writing
- Writing Devices
- History and Culture
- Responding to Literature
- Testing tips

These sections are full of specific and detailed information that will be key to passing the Nursing exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual Nursing exam, and get the PAX-RN scores you deserve. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our PAX-RN Secrets Study Guide is no exception. It's an excellent investment in your future.

Our Study Guide for the PAX Exam Is Unlike Any Other! If you'd like to get the PAX score you deserve, to quit worrying about whether your score on the PAX is "good enough," and to beat the test taking game, then this might be the most important message you read this year. Our comprehensive study guide for the NLN Pre-Admission Exam (PAX-RN and PAX-PN) is written by our PAX experts, who painstakingly researched the topics and the concepts that you need to know to do your best on the Nursing RN, PN/VN, and LPN/LVN Pre-Entrance Exam. Our original research into the NLN Pre-Admission Examination (PAX) for Registered Nursing (RN) and Practical/Vocational Nursing (PN/VN or LPN/LVN), offered by the National League for Nursing (NLN), reveals the specific content areas and the essential skills that are critical for you to know on the PAX. We've taken the information and developed a study guide that is guaranteed to help you be successful on the PAX. Now, we know you may be skeptical, so let us give you three good reasons we can back up what we claim: **The Three Reasons To Believe What We Say**

The First Reason: Our company's name is Mometrix Test Preparation, and we have a team of standardized test researchers who have worked on developing our study guide for the Nursing School Entrance Exam. The standards for who gets to work on the team are very strict- we demand the best for our customers, and only those who met our exacting standards made the cut. The dedicated research staff have years of combined experience in mastering the content and skills necessary to succeed

on the toughest exams. The Second Reason: Some academic studies have revealed that test takers do not really benefit from the traditional test preparation process. But we knew there had to be a solution- if test takers were not doing well on the Nursing School Entrance Exam despite high intelligence, there had to be a set of secret keys to the test that would open the door of success for these test takers. We believe we have succeeded in finding the secret keys of the exam. What we found was surprising, and in some cases ridiculously simple once explained to the average test taker. We put the findings together in a thorough, concise study guide that we believe allows any test taker, at any skill level, to improve his or her results dramatically with a minimum of effort. The Third Reason: We created the product in part because we were frustrated by the options available to test takers who really wanted to do well on the Nursing School Entrance Exam. A common approach is to TEACH the material, instead of TEACHING THE TEST. That's not necessarily good enough for the Nursing School Entrance Exam- you have to know how to apply the knowledge. Most test takers already have a general knowledge of the material that will be covered on the exam. One reason some test takers do well on the day of the test is that they have made the critical connection between the material they learned and how to use the material to succeed on the Nursing School Entrance Exam. Our guide addresses the difference between merely knowing the material and knowing how to use the material to perform on test day. You're going to save time, money, and aggravation. You'll learn to avoid the mistakes and the bad strategies that you've been vulnerable to. --Just for starters, here are some ways our product can help your score on the Nursing School Entrance Exam...

The Exclusive Test Taking Techniques Shows you super speed methods to get through the questions you know with ease- Saving you time so you concentrate on the hardest questions without rushing

Keys to questions that "give away" the wrong (or right) answers- You get credit for some of the questions without really even knowing anything about them

Details the EXACT STUDY PLAN for the Nursing School Entrance Exam that we believe gives the most results in the least time- No matter if you're studying for a week or a month, you won't waste the precious study time you have on useless activities

Our representatives are active 7 days a week helping customers The research of our team of test experts is 100% independent and original Now, you're probably wondering how and why we can do all the things we claim. Let us explain. Before we go any further, let us clarify what PAX Secrets is not. It is not a stale rehash of all of the things you have already learned in the past. PAX Secrets is our exclusive collection of the tips and the information that we have specially selected to give you the best results on the Nursing School Entrance Exam for the least time spent studying. It's written in everyday language and is easy to use. We cover the 5 essential skills necessary to do well on the Nursing School Entrance Exam, plus comprehensive reviews covering the Word Knowledge, Reading Comprehension, Mathematics, and Science tests individually. Don't take our word for it. Listen to what our customers say about other Mometrix test preparation products. I purchased the Secrets file, and I just wanted to let you know that I got a 99% on my test. I just want to thank you again, and hope you have continued success in your ventures. Sincerely, Paul L. My name is Chris. I used the Secrets study guide for five days. The study guide made the test so easy to understand.

Like you said this program is worth 100's of dollars. To me 1,000's!! THANKS, Chris G. I just had to thank you guys for the test prep! I bought the guide as a last minute prep, I mean maybe 5 hours before the test. Like I said, I had ZERO preparation! I was nervous about the test let alone receiving the score I needed. I read the guide through only once before test time and needless to say, the only way I passed was thanks to your refresher!! Brian Just dropping you a note to let you know that I am completely satisfied with the product. I had already taken the test once and landed in the 75 percentile of those taking it with me. I took the test a second time and used some of your tips and raised my score to the 97 percentile. Thanks for my much improved score. Denise W. I heard about your website from a friend. I am enrolled in a review course, and in hindsight, I wish I wouldn't have taken my review course and instead spent a fraction of the money on your program. Thank you! Zac L. You get at least 10 times your money's worth! --When you consider what's at stake with the exam, we believe the value of our study guide gives you at least ten times your money's worth.

Awesome Study Guide for the PAX-RN The PAX-RN study book is the perfect study guide for nursing students. It delivers success strategies, study guides, practice tests and so much more. Learning everything about the body--its systems, structures and functions and then trying to memorize it all, is no easy task. Furthermore, it provides 20 test taking tips which are dead on accurate. It specifically breaks down the different parts of the exam. For example, the science section comprises of the circulatory, respiratory, nervous, digestive, reproductive, urinary, ear, eye, elements, thermodynamics and Newton's Laws of Motion. There are plenty of practice tests to help you track your knowledge and even a number of special reports on things like difficult patients. With a test this big, you want to be as prepared as possible and this study guide can make you feel ready and relaxed when test time comes. It is clearly written and even have effective study tips and reports to help you feel more ready to sit the exam, not just from an academic standpoint but personally and mentally as well. My favorite part of the book is not only the detail orientated review but also the Secret Key Sections. The book explains 5 key secrets to the PAX-RN Exam. 1). Time is your Greatest Enemy 2). Guessing is Not Guesswork 3). Practice Smarter, Not Harder 4). Prepare, Don't Procrastinate 5). Test Yourself I cannot stress enough the importance of the previous five guidelines. They will help with test anxiety. Moreover, commonly asked questions will be addressed here as well. 5 stars for this review book!

So far I have been extremely happy with the reading and study material with this book. It is enough but not too much information on the topics needed to know about the exam to come. I appreciated

the encouraging information and methods necessary to succeed on the entrance exam. Short and to the point paragraphs of important information needed to know for each section.

The book is awesome at giving detail shortcuts and advice on passing the test. It was an easy read. I only wish it had more practice problems but the problems that are included in the textbook comes with explanations which is helpful.

I purchased pax rn secret study guide momerrix test preparation. I rate it a 5. I am really nervous about the test but skimming over this book for the first time has given me some comfort and less stress. I plan on using this book to prepare and will hopefully give it a 5 after passing my test!

Book is a mere 120 pages and has just one (10 page) practice test, yet costs the same or more as books with 400 pages and multiple practice tests. Completely absurd, and a ripoff for the amount of content provided.

I followed the directions on how to study and the amount of time to set aside to study and I was pleased with the outcome. I have taken the pn board only one time and passed it in July 2013. Now I am studying for my RN and I have confidence that I will be also successful with this book. PAX-RN Secrets Study Guide: Nursing Test Review for the NLN Pre-Admission Examination (PAX)

Very rapid shipping. I was very satisfied.

I purchased PAX-RN study guide from you and I would like to rate it at 5 because the information is very helpful in preparation for the exam. I purchased this after a friend recommended it to me and no regrets. excellent products, informative materials and easy to understand. I would recommend this to anyone I know preparing for this
