Just started hiking last year and needed a simple-to-read trail book. This book is perfect. I highly

recommend it for the novice to well-traveled hiker on Long Island.

Love hiking on Long Island. This small book covers a few very good hikes...BUT...In many places the directions is simply wrong. When the book says turn right,...you should have been driving to the left. The descriptions how to follow the trails is very very difficult and you will get lost many times (we did) and we are experienced hikers..So..Caution when you purchase this book. if you don't mind doing some figuring out on your own and asking a lot of local folks about directions, this book has some very interesting hikes but some very bad directions...HugsOtto
