Customer Reviews

Book of hymns both old and new.

The song book arrived on time and in excellent condition. I am very pleased with this purchase. Some months ago I began providing a worship service in a retirement center here in Beaverton. Because they use a song book which is different from the one I am used to, I wanted a personal copy for home use. This purchase has been most helpful for me and enables me to have access to the hymns which will be used during this service. In some cases, hymns with which I am familiar have different words and in a few cases a complete line of the hymn will be new to me.

The book was good but the ad said it was a 2009 publishing date and it was not. It was a 1976 published copy and I already had one of those so it was useless to me.

This is my favorite hymnal not only for enjoying at home, but for picking out my preludes and offertory for our church services. Most of the songs are written in keys easier to sing than the traditional hymnals and have a lot of the Gaither arrangements in it, which we use for singing a lot of our impromptu choruses.

Superb selection of hymns, great price. This one seems more durable than my earlier edition.

Nice - Thank you!

I was happy to receive this hymn book because it replaced one that has been misplaced. Some hymns in here have been selected by members to sing during morning services.

It was in pretty good shape, but some of the pages are beginning to pull away from the binding. I bought it to replace one I had lost years ago. Other than that I am pleased with it.

This is a good hymnal with additional thoughtful readings. I also recommend the Trinity Hymnal.
