MoshiMoshiKawaii: Where Is Strawberry Mermaid Moshi?

Synopsis

For children who love to search and find-- and adore that cute Japanese kawaii style -- here comes another pair of fun activity books about Moshi Town. Strawberry Mermaid Moshi has been invited to a magical wedding under the sea. Children are invited to join her on an underwater adventure with her friends, but are their eyes sharp enough to help her find her friends first?

Customer Reviews

MoshiMoshiKawaii started as a good-luck-charm gift property in Japan and has since developed into the world's freshest kawaii publishing phenomenon.

I am a staff nurse at a children's shelter, meaning I frequently have children in my office. I bought this book and it's a treasured book for children that can focus to find just the right object and is a delight to look at for kids that aren't that skilled. Today I spent 30 minutes with a nine year old looking over 3-4 double page puzzles. I sort of wish I had the time to laminate the book, since we have copies at work children have drawn on, making the puzzle ruined for future readers. My suggestion for future editions would be a pirate version, as requested by a little boy today. He loved it.

My 5-year-old granddaughter loves the MoshiMoshi Kawaii books. First time through, the challenge is to find the principal character. For every subsequent time through, the interaction with dozens of other characters, each "dressed" uniquely, is the challenge. This is a fun book that's been a great take-along book for the back seat of the car and longer trips in the car.

Our daughter loves these books, and so does our son. They are cute, and fun, and a pleasant change from "Where's Waldo?" or "I Spy" but definitely for a younger crowd.

endless entertainment for her. She is enthralled with the whole Moshi thing. The whole Mermaid Bride Moshi thing is a little weird but whateverÃƒÂ¢Ã ¬Ã Ã|keeps her happy and busy. I think I like the Where is Strawberry Princess Moshi better but we have both and they're fun.

Grand daughter loved it!

My 5 year old girl loves the Moshi books. It's our second book.

My 5 year old LOVES looking at this every night.

My daughters have three of these Moshi books and they are just too cute! It reminds me a lot of the Where's Waldo books from my youth, but so much cuter!
