2009 New York City Restaurants (ZAGAT Restaurant Guides)

Synopsis

The surveyors are 54% women and 46% men. 52% are in their 20s and 30s and 48% are 40 and over. No matter the economic climate, New York's appetite for lively dining destinations continues unabated, inspiring ever bolder ventures. For every notable closing, there's another restaurateur waiting in the wings, often joined by an expensive team of architects and designers, and ZAGAT is always there to note the changes.

Book Information

Series: ZAGAT Restaurant Guides

Paperback: 352 pages

Publisher: ZAGAT; 2009 ed. edition (October 7, 2008)

Customer Reviews

The Zagat guide is as important as a map in New York City, where there is a restaurant in almost every storefront or building (and it includes a very nice map as well although I could not get it to tear out). The information is very accurate and up to date, although I did find there were some errors in credit card acceptance. The food quality and price ratings are very helpful. I usually look for around a 20 in food and a less than 40 in price, and figure that is a pretty good combination for me. Some of the great features are the organization by neighborhood, most popular, and highest ratings. I find the most popular more helpful than the highest ratings, because i cannot afford the highest ratings every night.

Gift well appreciated, easy to use, gave good info, brought out some unknown places to check out, came in excellent condition and in timely way.

It was helpful only if you knew where you were going or knew the area quite well. As a tourist it didn't help much if you wanted to find a specific type of food in a specific area. One night ended up wandering 12 blocks just to find a reasonably priced Italian place in UES.

The book is an excellent survey of NY and environs restaurants with all the pertinent info needed to find one that suits you. The bookseller's prompt attention and accurate description was well appreciated.

One word, indispensable. If you like food, buy one every year, AND buy one before you visit any city to plan your culinary adventures.

Great product and price. We use this all the time when choosing restaurants in NYC

It's good to have a game plan when visiting NYC (or any big city for that matter), it becomes overwhelming sometimes cause there's just too many restaurants to choose from. This guide helps me pick out places I wanna go so I don't end up wandering around aimlessly trying to decide.

I visit NYC a couple of times every year, and each time I've relied on this guide for finding great places to eat. NYC restaurants come and go, and my copies tend to get dog-eared since they go everywhere with me, so I get an updated copy every few years. Wouldn't visit New York without it.
