# India Revealed: Delhi, Agra & The Taj Mahal (2017 Travel Guide)

## Synopsis

RECENTLY UPDATED FOR 2017! With more than 80 high-resolution images, videos and detailed tour itinerary, this is the definitive travel guide to India's Delhi, Agra and the Taj Mahal. Delhi and Agra are the former capitals of Islamic dynasties that controlled much of the Indian subcontinent from the 13th-19th centuries. Together, the cities hold an unrivaled collection of art and architecture: mosques with towering minarets that call the faithful to prayer; gardens with designs that recreate Quranic paradise; and tombs with inlaid stone decoration that spark contemplation of the divine. Not to mention the culmination of it all: the Mughal dynasty's famed Taj Mahal, an equal to it the eye of the Age has not seen under these nine vaults of the enamel-blue sky. • It is yours to discover. ## **Customer Reviews**

Extremely limited guidebook, and not worth the price of \$8.00. It only guides you on 8 sights, and goes into way too much detail on the architectural details of the sights it does care to expand on. There was some a bit of information that was insightful, but unless you are an architect I would strongly recommend you pick another guide book.

Unlike any other guidebook, this one provides invaluable information not only about the 2 UNESCO World Heritage sites of the Taj Mahal in Agra and the Qutb Minar in Delhi, but also on 6 other sites that provide historical and architectural context so one can more fully appreciate them. There is also an 80-page introduction to Islamic art and architecture in India. In March 2015, I used this guide in

India and found the commentary, highlighted diagrams, spotlight photographs, and author's tips most helpful to get the most from my visit. I have the utmost appreciation and gratitude for the Approach Guides I have used and reviewed on their product pages for Bagan; Angkor Wat; Morocco; Khajuraho; and Ajanta, Ellora, and Elephanta caves. Bravo! In addition, I have purchased other guidebooks such as Lonely Planet and Fodor's for their recommendations on hotels, restaurants, and shopping; they and the Approach Guides complement each other.
