Do you own a kayak or a canoe? Do you love nature? Do you want to read about places crazy whitewater kayaking dudes go for fun? If you answered yes to any of these questions you need this book. Honestly this book is written more as a tech guide to whitewater sections of NYS rivers but the way it's laid out you can pin down some nice floats for a touring kayak if you pick out the class 1 sections. Mine came used in great condition.
