The VW Bus: History Of A Passion

Synopsis

"In November 1949, a new epoch of automotive history began with the presentation of the first small Transporter by Volkswagen. Like no other light utility vehicle before, the variety-rich space-saver from Wolfsburg influenced the development of a very new generation of universally usable minivans. Six decades after its introduction, the ""Bulli

Jorg Hajt is a writer that focuses on specialty vehicles.

Beautiful full color pages with lots of pictures and nice writing large high quality hardcover book with dust cover. My son LOVES this book, he is an aspiring VW bus enthusiast, and only 10 years old. His reading level is a lot higher than most kids his age and this is what he needed to quench his thirst for knowledge on the VW bus and all the types, the pictures are amazing and so bright it is like you are looking at a real bus. I would recommended this to anyone who loves a VW bus. I would make a great coffee table piece. We were not sure because we could not look inside or read a lot about what is was about but not disappointed in the turn out at all. You need this book

Excellent! - now if I can only get my '63 Kombi back to these specs :)*****

A very nice history of the Type 1 and Type 2 VW Bus, with great pictures.

Gave this to our 11 year old son for Christmas and he's really enjoying all the pictures. Nice hardback book.

Bought this for my husband and young son to look at together, as they both love VW buses. the pictures are big and bright and they can talk about details of the busses they are looking at.

Bought this book as a Christmas gift to my husband who loves his (mistress) 1973 VW van. He has enjoyed the book.

Adequate description fast dispatch!!!
