The Stories Julian Tells (A Stepping Stone Book(TM))

Synopsis

Julian is a quick fibber and a wishful thinker. And he is great at telling stories. He can make people believe just about anything. Like the story about the cats that come in the mail. Or the fig leaves that make you grow tall if you eat them off the tree. But some stories can lead to a heap of trouble, and that's exactly where Julian and Huey end up! This book has been selected as a Common Core State Standards Text Exemplar (Grades 2-3, Stories) in Appendix B

Customer Reviews

Julian's stories are magnificent, but they aren't always the truth, and they cause him some trouble. Ages 5-9. Copyright 1987 Reed Business Information, Inc. --This text refers to an alternate Paperback edition.

Now in "Knopf Paperback"--"six genial, affectionate evocations of family interaction and childhood mischief. There's a glow here that's hard to resist."-- "Booklist

I got all of JULIAN'S books. They are my 5 year old's first chapter books. I want to turn him on to reading - and it worked!

Love books

My grand daughter loves when I read the stories to her.

Good book; My son enjoyed reading it.

Good book; My son loved it.

I needed this for my daughter. I homeschool and this was one of the requirements for the day. Thankfully it was available for the e-reader. I recommend this for anyone with a 2nd grader. Fun and keeps kids interested.

very funny

Good kids book amusing and informational, story includes behavior and consequence but in a subtle non obvious way. The only complaint from the kids...story too short but matches attention span of these 2nd graders.
