Synopsis

Step-by-Step Technique to Discover and Direct the Energy Power of your Mind and Hands. Lecture 142

Read this lecture with an open mind, for it could change your life forever. Believing is an extraordinary mystical power, however, without experimenting, you will never know the truth. This lesson/lecture is taken from The Book of Ramadosh, which is absolutely the most important book ever published on the supernatural powers which are dormant in all of us. The lessons and techniques of the Anunnaki Ulema are easy to understand and learn. They will open new dimensions for your mind, and help you acquire magnificent information that could lead to spectacular success in your life, relationships, business and above, a perfect harmony with everything that surrounds you. All of us have energy. Good people produce positive and good energy. Bad people produce negative and bad energy. Sick people (Good or bad people) produce negative energy. Mentally disturbed people (Good or bad people) produce negative energy. Inmates (Good or bad people, innocent or guilty people) produce negative energy. Good people who temporarily display anger and violence, produce negative and bad energy. Briefly, energy reflects what and who you are at certain point in your life. Vibrations are not permanent, meaning, sometimes, we emanate good energy (Good vibes), and some other times, we emanate bad energy (Bad vibes). Everything depends on our state of mind, health condition and emotional situation. The good news is:

- 1-We can change our negative energy to a positive energy.
- 2-We can see our energy, measure its intensity and use it to ameliorate our situation.
- 3-We can sense, and in some cases, see others' energy and right away determine whether they are good people or bad people. But first of all, we need to sense our own energy. This will allow us to see others' energy, and possibly read them, probe and understand their intentions, and consequently, protect ourselves against harm and damages caused by the vibrations of their bad energy. This lecture shows you step-by-step, how to sense and direct the energy power of your mind and hands.
