Visions: 19 Short Stories

Synopsis

Imagine...Nineteen superb stories by today's best-known authors of young adult novels, coming together to create a window of the mind, a vision illuminating the joys and sorrows of young people. These nineteen splendid stories range from tales of tender romance and the delights of mystery and fantasy to the struggles of death, divorce, and growing up. Here are recollections from the past, stories of today, and visions of the future.

As a Middle School Language Arts teacher, I found this volume to be a handy "go to" resource for

MS topical short stories outside of the text and classics. It is hard to beat "The Open Window" or "The Necklace", but this collection has several pieces that the students respond to and found interesting enough to engage one another over. And, unicorns existing in the NY subway is a wonderful place to visit as a starting place for creative reflection.

Nice book of short stories published in 1987, and still relevant today. An excerpt from one of the stories was recently used on our state wide exams. The students were so interested that they wanted to know the ending of their story. Good purchase, I've used several stories in class.

super small version with tiny print

The stories within this book are interesting and told in a backwards format - causing the reader to think in a complex manner. This would be great to use in a classroom to get students to think about different ways of writing techniques.

Great, imaginative book of short stories! Good for literature classes or free reading. Check out the original book too, Sixteen.
