Multiple Choice Questions In Veterinary Nursing: Part 2

Synopsis

A well-organized, clear, and concise textbook on the basic concepts of psychiatric/mental health nursing. Focusing on holistic nursing, this practical resource can be used by students and nurses alike. Key elements include historic and epidemiologic factors, background assessment data with predisposing factors/symptomatology with each disorder, and much more. Each chapter includes objectives, glossary, case studies, review questions, and other tools. Illustrated.

Customer Reviews

Great ever

Didn't use it much for my class

I still use this book as a reference. If you are like me and have a hard time justifying purchasing textbooks for classes that may not require you to read them for the tests/class, this is definitely worth buying.

Easy reading, informative, & well put together. As a nursing student myself, I highly recommend this text.
