## Customer Reviews

"Chile in Pictures" is a helpful book for children to acquire some basic understanding about Chile, its people, its history and the nature of this part of South America.

Don't waste your money. This book deals with politics only. It does not show Chile and its beauty.

This is a beautiful book. I gave it to my father-in-law who was born in Chile. He loves it. I highly recommend this visual journey through a wonderful country.

OMG! I have never reviewed a book before but feel compelled to do so now. IMO this sparsely pictured "booklet" is worth 1/3 the price at best. The photographs look like poor stock images and there is nothing outstanding about any one of them. I was so disappointed that I sent the book back immediately, the first time I had ever done so. The books includes very few andi bad pictures. It has many pages with texts about the history of

Chile, it's culture, it's traditions, the people, even sports, but it's mostly text. If you are looking for a coffee table type of book, with pictures, don't buy this.
