This is a fun idea to learn about wine and socialize. It is pretty easy to read and understand. I started 2 clubs last year and bought this as a gift for one of the members.

I love the way this book is set up, offering monthly wine tastings w/ suggested wines and fabulous recipes. We are using this book for the basis of a women's wine club. I have also hosted a dinner for friends following one of the monthly tastings. The evenings are always fun with conversation stimulated by great food and wine pairings.

We used this book to start a wine club. Great suggestions for wines to bring, great resources to taste the wine. All of the recipes that I tried out were delicious. We were definitely beginners when it comes to wine tasting, so I'm not sure how it would be for those who already have experience with wine tasting.

so far so good just starting a wine club to be a wine guide

It is a complete education on wines and so much fun doing it

This step by step guide made it easy to start our own wine tasting club. The process of wine tasting was explained in easy to follow terms. The author suggested a different type of wine for each month, suggested a variety of vineyards, and even made suggestions for food to complement each wine. Following the steps will give you a great start toward a complete understanding of wine.

Perfect

A great guide for forming a wine club. We followed it meticulously for a year and had such a great time.
