The University Of Chicago Spanish-English Dictionary, Sixth Edition: Diccionario Universidad De Chicago Inglés-Español, Sexta Edición

Synopsis

For more than sixty years, The University of Chicago Spanish-English Dictionary has set the standard for concise bilingual dictionaries. Now thoroughly revised to reflect the most current vocabulary and usage in both languages, this dictionary enables users to find the precise equivalents of the words and phrases they seek. Completely bilingual, the dictionary focuses on two contemporary international languages, American English and a worldwide Spanish rooted in both Latin American and Iberian sources. The sixth edition has been updated with six thousand new words and meanings selected for their frequency of use, rising popularity, and situational necessity. In order to best represent the dynamic and increasingly connected cultures of three continents, this edition features enhanced coverage of the vocabulary associated with four areas of increasing global importance: medicine, business, digital technology, and sports. Clear, precise, and easy to use, The University of Chicago Spanish-English Dictionary continues to serve as the essential reference for students, travelers, businesspeople, and everyone interested in building their linguistic proficiency in both Spanish and English.

Customer Reviews

"Why invest in the latest edition of the University of Chicago's Spanish-English Dictionary? In a word, mas! Reflecting increasing popularity of use and need in growing global industries, 6,000 words and their definitions have been added to the already impressive glossary. . . . Comprehensive in scope, but simple enough to use for even the most tongue-tied linguist. This completely bilingual text is a smart update." (Library Journal) This new edition stresses the malleability of both the

American version of English and the Latin American version of Spanish. . . . While the task of cataloguing regionalisms across Latin America is daunting, this dictionary does capture much of its slang, and even sometimes off-color usage, making the book as warm as its easygoing typeface.â • (Publishers Weekly)â œA very good, solid dictionary.â • (Choice)"This application is an important new contribution to update the traditional dictionary to the new digital era. With its new terminology and careful selection, it constitutes an excellent daily dictionary and reference book/application. This dictionary allows the user to quickly select from a wide array of functions that go beyond the traditional dictionary. Therefore it is a useful tool for students and travelers alike." (Alfonso Abad MancheÃ o Hispania)
