Customer Reviews

If you plan to explore and benefit from the vegan diet, this instant pot cookbook guide is for you. This book is recommended to me by my sister because I am a vegan and I like cooking. I liked this cookbook very much. In this book you can find a lot of delicious vegan recipes. All the recipes and health solutions are very healthy, useful and well written. All instructions are very detailed and helpful. I recommend this book those who want to learn how to cook delicious non-meat meals and who want to be fit and healthy.

Superb cookbook full of recipes that all vegans will love! And although I'm not personally a vegan, there's delicious recipes here for me too, which are all very well described and easy to follow. I found the author's extra opinions and recommendations sections for each recipe to be most helpful, like having a professional chef with you to give their expert opinion on how to tailor each recipe to your own taste. Many great meals to come from this book - 5 Stars!

A new instant pot cookbook in my collection and another great purchase! I go vegan every summer opting for lighter meals on my way to reach perfect shape for beach holidays. And these recipes have been working so good for me so far. There are plenty of options so you never get bored. I'd love to see some pics though, but overall it's a pretty decent cookbook with a nice personal touch coming with each recipe

A great selection of recipes. I tried around five of them so far and they all turned out to be both healthy and tasty. I recommend this author.

I really liked this book of recipes. It contains amazing recipes for everyone. Therefore, I advise everyone to read it, you will like it, I'm sure.

Such amazing recipes!! Can't wait to try them out. I would highly recommend this book to everyone. Vegan or not!

Such astonishing formulas!! Can hardly wait to give them a shot. I would exceptionally prescribe this book to everybody.
