The Complete Idiot's Guide To Paganism

Synopsis

You're no idiot, of course. But finding the perfect expression of your spirituality can prove long and challenging. You might already be attracted to paganism, but considering the variety of traditions and paths that fall in this category, you'll need a spiritual guide. Seek no further! Whether you're interested in following the pagan path or just curious to know more, *The Complete Idiot's Guide to Paganism* will enlighten you on this fascinating array of nature-based beliefs and practices. In this *Complete Idiot's Guide*, you'll learn about: The basic principles of shamanism, druidism, Wicca, and more. How to deepen your connection to the Goddess, the God, and nature. The fundamentals of meditation, magic, divination, and spiritual healing. Tips on incorporating pagan rituals into your modern lifestyle.

Customer Reviews

CARL McCOLMAN is a freelance writer and spiritual teacher based in Atlanta, Georgia. He is the author of several books including *The Well-Read Witch* and *The Aspiring Mystic*. A practitioner of nature spirituality for more than a decade, he is the co-founder and former leader of a druid grove and currently is the co-leader of an interfaith pagan meditation circle.

Excellent beginner's guide to paganism. It gives a very good overview of the many types of paganism and does it in a very humorous and approachable way. For anyone interested in this spirituality I would highly recommend it.

Carl McColman states in the beginning of this book that he is introducing the reader to Wicca, Druidry, and shamanism. He skillfully delivers on his promise with a clear introduction to the most prominent forms of Paganism. This book would help in gaining direction into which path is for you. It is not Pagan 101 or a spell book. If you are looking for a quick magical fix for a problem, you won't find it here. This book is for someone who knows absolutely nothing or very little about Paganism. For that reason, I think this would be a good book for a Pagan to give an open-minded friend or loved one who is concerned about their beliefs. He introduces the beginner to concepts such as the wheel of the year, magic, and reincarnation. He has a friendly, easy-to-read writing style. I rated it four stars instead of five because I felt the entire work was too heavily influenced by Wiccan belief such as the Rede and the God being the consort of the Goddess even when he wasn't specifically speaking of Wicca.

Very informative on a subject I have wanted to learn about for a long time.

This is a surprisingly good introduction to many pagan tenants. However, it's rather a condensed version, so there is not much depth in any particular subject. A good primer, and one I'll give Mom so she understands more about my path.

Arrived right on time and in great shape, as promised. Great purchase!

Great book to start with! got all the things you need to learn for a beginner I never put the book down and stopped reading it because I learn more and more things.

This book has been my favorite so far on paganism. I find that a lot of "New Age" books on pagan religions are all sparkle and razzle dazzle, attempting to sell entertainment or a hobby and not information or depth. The author of Idiots Guide writes with wit and personality while giving an abundant amount of information to help you define paganism in your own way. It's easily understood and avoids coming off as ostentatious or superficial. It's a great starting point for anyone wanting to find their pagan path.

This book is one of many I own on paganism it was the first one I bought the info inside was and is very help full it will answer some questions for you but it will help you decide if becoming a pagan is

right for you
