The History Of Chile (Palgrave Essential Histories Series)

Synopsis

Within Chile is the driest desert in the world, the highest mountain range in the hemisphere, temperate rainforests, and a piece of Antarctica. In all these areas Chileans have created unique communities and, together, a vibrant nation. Chile's history mirrors its geographic variety. From its pre-colonial period, to its days as a Spanish colony, through its many independent governments, Chile has long been a land of crises and controversy. Beginning with a survey of the land, people, and current government of Chile, the book traces the chronological story of the country. Ten chapters follow the details of Chilean history from the indigenous peoples to the democratic transition after the Pinochet dictatorship. This is the perfect starting point for students and travelers interested in the history and people of Chile.

Book Information

Series: Palgrave Essential Histories Series

Paperback: 336 pages

Publisher: St. Martin's Griffin; 1st edition (November 29, 2005)

Language: English

ISBN-10: 140396257X

John L. Rector is professor of history at Western Oregon University and has been a consultant to various travel guides on Chile.

This is a concise, well-written and comprehensive history of Chile, one of the America's oldest democracies until the 1973 military coup. It provides an interesting overview of the country's complex history. In the account of the country's return to democracy following the 1973 coup, it presents a fair, balanced treatment.

From the title of the book,I expected a general history of Chile, but this is mainly an economic history. If the title had reflected this, I should not have been disappointed, but there is too little about politics, culture, religion, philosophy, art, daily life of the people, racial conflicts, etc. If one desires to know all!!?? there is to know about mining, trade, agriculture and people promoting these activities, the book is good enough; but this was not what I expected from the title of the book.
