Pagan Portals - Celtic Witchcraft: Modern Witchcraft Meets Celtic Ways

Synopsis

Learn how Celtic legend and mythology can bring magic into your daily life. Walk with the Tuatha D   Danann and hear their wisdom on the wind. See colour as a doorway to a magical world. Speak to animals and become one with the turn of the seasons. Including practical exercises that can be performed by witches of all abilities, this book will teach you how your Celtic forebears are still alive, in the sorcery and skill of the magical practitioner

Customer Reviews

Mabh Savage lives in Yorkshire, England, and was raised by Wiccan parents who had a passion for Celtic history, both mythological and actual. She is now involved with several pagan groups and is exploring her heritage as a way to get closer to the world around her, and understand her ancestors more.

Mabh Savage's Pagan Portals - Celtic Witchcraft is an inspired look at how to incorporate older Celtic beliefs into modern witchcraft practice. This short text deftly weaves together personal experience, myth, magic, and actual practice into a seamless whole that resonates with poetry and spirit. I enjoyed the way the author included both personal insights as well as folklore, and I found the exercises and suggested practical applications interesting. Like all the books in the Pagan Portals series, this one is pretty concise but it touches on a lot of different important elements from

connecting to the moon and seasons to color symbolism, from animals to magical tools. A truly unique look at how the old ways and folk beliefs can and do exist today in the hearts of modern witches just as powerfully as they always have, and this book is certainly a useful addition to the library of any witch interested in a Celtic path.

Solid,honest insight....

Purchased as a gift for a friend. She said it's a good read.

easy to follow, good background

Great book

This is a delightful little surprise. I am a Celtic inspired Pagan but witchcraft isn't my focus. I've seen far too many cookbook style spell books that seemed to do more to mock my beliefs than to further them. But I'm a sucker for new information, so I went for it in the end and was very pleasantly surprised. This is no spell cookbook. It is a clearly organized, yet readable exploration of the philosophy and symbols of Celtic witchcraft. Its focus is spiritual and symbolic depth in one narrow field. As a result there are only really a handful of specific "spells" described in the book, but the information and concepts are there that will allow those with enough experience to come up with their own and to judge the authenticity of spells from other sources. It's a relatively short and readable book in the Pagan Portals style, not an exhaustive academic source by any means but very useful for defining Celtic witchcraft.
