waist of money out dated

The beginner just starting out as well as the intermediate angler will find this text a worthy companion. In my opinion, the most important thing to do is locate fish in a body of water. The authors have done this for us. All we have to do is show up and give it a try. WIth the knowledge gained in the book even the novice will catch fish if they put their time on the water. Best of luck!
P.S. I live in Pa. now and still fish in Jersey. Don't let anyone fool you. Jersey IS the Garden State!!
