This is a little coloring book, but it is so adorable. The pages are just what every parent would say at some point in their child's life and the pages have a lot to color. This is great for someone who is a first time parent and loves to color or a gag gift for a friend. I'm absolutely in love with this book and can not wait to color every page. It is absolutely one of my favorite coloring books

Now I will never publicly admit to saying any one of these things...especially since my kids are now 20 & 23. BUT...I do plan on using a few to 'decorate' the restroom and lunchroom at work.

Anonymously, of course! Great for just about everyone...moms, dads, fur-parents, and definitely some for the co-workers! Thanks for the great fun, John T!

Yet another success for John T! The sayings in this book are without doubt not only sayings we

heard growing up, but sayings that many of us have now passed on to our lovely children! My favorite has to be the one about crying about your peas touching your chicken, it's just too funny! Although it is a smaller coloring book than his typical releases, I would highly recommend this book! Not just for parents either-for everyone-because we all were a kid once! Bring back your nostalgic days of youth, and order this book!

This is one of my favorite coloring books. Perfect for when the kids go to bed and its time to wind down and color all the words that you would never actually say to them :) . My husband loves it too because it helps me blow off steam instead of taking it out on him. The designs are creative and fun to color. Perfect for colored pencils which is what i prefer when coloring in the book itself. I wouldnt hesitate to buy this again!

One of the BEST!!! So funny and every parent can relate to almost ALL of the pages. LOVE THIS BOOK!!!!

this is an amazing book was put together very well. you only know these things if you have been a parent. i have been a parent and now im a grandma. i would recamend this book to all parents. all of john t work is wonderful.

I use this for relaxing and killing time at work. My co-workers think this book is hilarious and it is. It's helped us all pass the time! Great pics, easy to color, good quality.

This book, along with all of John T's work...is an absolute must have! The art work is impeccable and one of a kind. A lot of fun to color. Lots of variety. I love that nothing is overly complicated. I get anxiety from some pages I see, and I color to relieve stress not cause it lol! But if you are questioning getting this, don't! You will not regret your purchase! :)
