I bought this for my 6 yr old daughter and she loved it! Immediately asked me for another one... wish all the books were available through Kindle, or prime. The way this book is written, makes it so the kids not only enjoy it, but learn and retain the information.

The Who Would Win books are my absolute favorite of all time! They make learning about each animal more relevant by comparing the two and then save the "fight" for the end (which is tame, don't worry). My 3 and 5 year olds love these books and we do too! This was our first Who Would

Win book and it led us to buy the entire series

I love these books so much. Have the whole collection

Fun book- cool facts and illustrations.

My 7 year old twin boys love this series. Just the right length for bed time. Informative and interesting.

Grandson loves it. Thank You.

:)
