Geoff Groesbeck has written and lectured extensively on Latin America, especially Bolivia's remote and beautiful Chiquitania and Mexico's colonial heartland. His best-selling cultural travel guides are considered without peer and have been translated into 12 languages. A recognized expert and frequently cited author on the history and social development of the Jesuit missions of Chiquitos, his writings, photography, and Web site on the region have won considerable international acclaim. His latest guides, Footprint's Guadalajara & Pacific Coast (1st ed.) and Mexico Handbook (2nd ed.) are now available online and at retail stores.

I was surprised when i got this booklet, well i call it a booklet, because it's a soft cover,.It was a bit larger than i expected, easy to read, it has a few nice pictures & maps.It offers (useful words & phrases), this is in the back of the book, a cool feature.The book is a bit limited on information, but still quite helpful & i found it fun to read thru.

Good travel book for these countries. I had a hard time finding exactly what I was looking for and this book has it all.

I wanted a guide to travel with but found the information in this dated and the book extraordinarily bulky for carry. Eventually I took out the pages I wanted and tossed the remainder away.

It is much more better than I expect, even comparing with the other series of guidebooks.
