Framing Roofs

Synopsis

This essential reference for pros and passionate amateurs is back with a fresh design and updated content. Written by respected builders from all over America, this extensive revision collects all the latest roof framing articles from the pages of Fine Homebuilding magazine -- from cutting rafters and framing roof valleys to building dormers and working with roof trusses. The contributors offer hardearned, job-tested advice on an impressive variety of tools, techniques, and trade secrets. Framing Roofs shows how to work with speed and precision, and, since working on a roof is often a complicated and dangerous task, safety is always at the forefront. Fine Homebuilding has been providing rock-solid information and inspiration to everyone who cares about quality home improvement and construction since 1981. With a circulation of 300,000, the magazine helps its dedicated readers build projects better, faster, and more efficiently. All the contributing authors of Framing Roofs are seasoned professionals who have written articles in the magazine.

Customer Reviews

All contributing authors are seasoned professionals whose articles have appeared in Fine Homebuilding magazine. Since 1981 Fine Homebuilding has been providing information and inspiration to everyone who cares about quality home improvement and construction. the magazine is the best source of home improvement information and helps readers build projects better, faster, and more efficiently.

Very good book with in depth explanations on dormer framing. Just what I was looking for.

EXCELLENT

very informative

very limited coverage; basically only covered their one project.

Great Book

the whole series of books is worth the money

I have a construction background but I have never framed a roof. This book has lots of great tips that make what could be a complicated and time consuming job simple and light on math. After reading the pertinent chapters I was able to frame a dramatic dormer, and it looks amazing!

great read at a great price. a big go to for me. for pros by pros did it again. awesome.
